

Bald Eagle and Golden Eagle NEPA Input/Report

For

Scottiago Forest Health and Fuel Reduction Project

Prepared: February 12, 2019 by: *Chuck Loffland/s/*

Amador Ranger District Biologist

Eldorado National Forest

There are no known bald eagle or golden eagle nest sites known within the Scottiago Forest Health and Fuels Reduction Project units, or within a half mile of the project boundary; noise and activities associated with the implementation of any of the proposed action will not knowingly disturb bald eagle or golden eagle nesting.
