

# Amador-Calaveras Consensus Group (ACCG)

---

## Background and Summary

---

ACCG is a diverse community-based collaborative group made up of public agencies, nonprofit organizations, businesses and individuals seeking to foster partnerships among private, nonprofit, state, and federal entities with a common interest in the health and wellbeing of the landscape, the communities in the Mokelumne and Calaveras watersheds and the economic development beneficial to both.

## Meetings and Work Groups

---

- ACCG members attend a monthly “General Meeting” on the 3rd Wednesday of the month
- Formally established Working Groups also meet once a month, including:
  - Monitoring Work Group
  - Planning Work Group
  - Administrative Work Group
- In addition, “ad hoc” Work Groups convene as needed. Examples of current ad hoc groups include the “Strategic Landscape Assessment Work Group (SLAWG) and the Socioeconomic Monitoring Work Group.
