	<ul style="list-style-type: none"> • ACCG 2022 Priorities Responsibility - Continue to support implementation of ACCG's Pyrosilviculture Shared Vision <ul style="list-style-type: none"> • Continue discussions on defining broad plan for implementing pyrosilviculture shared vision. Start with the five steps Greg Suba proposed (in email to the Pyro Ad Hoc group, 10/21/2021): <ul style="list-style-type: none"> ▪ Understand the landscape and subdivide it into strategically derived fire management areas (e.g., PODs, boxes, etc.) ▪ Agree on strategy for where, when, and how best to manage for fire within every containment area / box, and between containment areas / boxes. ▪ Identify which boxes are in most urgent need of work in order to apply, manage, and/or suppress fire effectively and as safely as possible. ▪ Seek and obtain funding for that work. ▪ Implement 1st-entry fire and/or thinning followed by fire as planned.
