10:05	Brief status update on Forest Projects Plan (FPP) Phase 2	
10:20	Agreeable CSO-related Forest Plan Amendments for FPP Phase 2 <ul style="list-style-type: none"> Continue discussions on details of what some <i>potentially</i> agreeable FPP Phase 2 CSO-related forest plan amendments might look like that we began discussing at our Jan. Ad Hoc meeting. Note: below are preliminary ideas, and need further discussion. <ol style="list-style-type: none"> PAC retirement based on multi-year surveys (3 years, 5 years?) with non-occupied status (not on reproductive status - e.g., pairs or pairs with nests). Delineation of CSO territories based on topographic features, not arbitrary circular delineations. Updating dbh limits in PACs/refining definitions of where higher dbh limits are allowed to be treated in PACs. 	
11:20	Potentially controversial CSO-related amendments <ul style="list-style-type: none"> Out of the above discussion, begin to identify components of SERAL CSO-related amendments, that may be too controversial for the ACCG to reach consensus on. Perhaps use the documents located in the Google drive folder that were shared by John B., Chuck (1, 2) and Sue developed and previously shared with the group to help us kick-start this conversation, see Google drive folder? 	
11:55	Action Items & Next Steps <ul style="list-style-type: none"> Review Action Items for next meeting. Next Zoom Meeting, Mon., 3/13/2023 at 10am-12pm.
